

The Chicago Department of Children and Youth Services Child Care Close out is July 13, 2007 at 5PM and we are still working with agencies to resolve cases. CYS's commitment is to make sure that we respond /resolve issues listed on your unbilled reports and/or IMEDGE cases. Agencies should check the CCMIS supplemental system daily, as we are updating CCMIS daily for agencies to supplement.

Important Close-Out Dates

We have extended the deadline for supplementals for the period of July '06 to February '07, only for those agencies we are still working with on unresolved issues for that period.

Email inquiries for missing children for March through May 2007, **The Deadline has passed.**

Supplemental billings for the period March 2007 through May 2007 are due JUNE 30 th 2007.

Email inquiries for missing children for June 2007, are due JULY 11 th 2007.

Supplemental billings for the period June 2007 are due JULY 13 th 2007.

All FY'07 Regular Child Care Billings and Supplemental Billings ' are DUE on Friday, July 13, 2007 , at 5 p.m. @ CYS 4 th Floor 1615 W. Chicago Ave.

Due to IDHS requirements, there will be no exceptions regarding deadline dates. Access to CCMIS FY'07 will be terminated on the established deadline date. Failure to meet deadline dates will result in loss of compensation.

Regular monthly COPA, CCMIS, IMEDGE classes will be offered and registration will be posted on COPA.

Please keep in mind that CYS Finance staff will be working closely with agencies to ensure maximum reimbursement and full utilization of our Child Care Grant.

We appreciate your cooperation. Should you have any questions or concerns about unbilled children and/or unbilled reports, please contact Daryl Hobbs at (773) 375-0700 or email at daryl.hobbs@cityofchicago.org

Should you have any other questions and/or comments, please contact Bryant Askew, Supervisor of Accounting at 312-743-3641 or email at bryan.askew@cityofchicago.org.

Upcoming 2007 System Enhancements

CYS is moving toward incorporating CCMIS into COPA, where billings will be based off of attendance taken for the child.

IMEDGE enhancements are also forthcoming which include new queues to manage cases, efficiently.

CYS will give each agency an email account that CYS will utilize to communicate issues, reports, and memorandums.

CYS will begin sending, via email, an eligibility report of children listed in CCMIS for each agency.

Tips & How to do's

Child Care case files must be submitted on a timely basis e.g., applications within 10 days of Parent Signature, redeterminations up to 30 days before they expire and that all Child Care case files are routed in IMEDGE on or before the last business day of each month.

Child Care case files for June 2007 must be routed to "Clerk Review" in CYS IMEDGE system on or by June 29, 2007 . Submitting Child Care case files on a timely basis will ensure that you maximize reimbursement on your regular monthly billing and meet close out deadlines.

Agencies should access and manage the reject queue in IMEDGE daily to address any issues with cases files in a timely manner.

To alleviate duplicates cases in IMEDGE, agencies should always SEARCH in folder mode first. If a user has inputted the Child ID, Family ID with the child's first and last name, you have created a cases file in IMEDGE. There is no need to create the cases again.

To quickly assess all your agency cases that are in IMEGDE, the agency should do a folder view search based on their agency

The screenshot displays the IMEDGE 3 web application interface within a Microsoft Internet Explorer browser window. The browser title is "Welcome to IMEDGE 3 - Microsoft Internet Explorer". The address bar shows the URL: https://cys.edge.com/CYS/IMWFrame.jsp?mid=m_fid. The page title is "CYS Document Management System - Folder Mode: Admin Folder". The navigation menu includes "Home", "Document", "Folder", "Workflow", "Tools", and "Help". The "Folder" menu item is selected, and the "Search" sub-menu is active. The main content area is titled "Folder Index Search" and contains "Folder Index Search Instructions". Below the instructions is a "JAVA Applet - IMEDGE Smart Query Broker" window.
